Introduction

Each year Dún Laoghaire-Rathdown County Council opens a grant funding scheme, known as the dlr Universal Grants Scheme, that provides funding to individuals, groups and organisations engaged in projects, events or initiatives at a neighbourhood or County level within our area. It has a particular emphasis on supporting locally driven and grass roots initiatives.

The grants scheme supports the Council's commitment in its Corporate Plan 2020-2024 to Driving Quality of Life for All and Creating an Environment for Economic Growth. The aim is to ensure that the financial resources available are used to the maximum benefit of the dlr community at large and support in achieving the Council's goals and objectives.

Funding Available

The funding available through the dlr Universal Grant Scheme is dependent on the budget adopted annually by the dlr Councillors and can vary year on year.

Demand for these grants is high and for that reason, even if an application meets the criteria, it does not always guarantee that a grant will be offered. In certain cases, DLRCC may offer a lesser amount than requested.

The number of applications supported, and the level of funding provided will be at Council's discretion and will reflect the available budget, the quality of the applications and the outcomes achievable.

Allocation of funds to an applicant for any purpose in any year must not be taken as a commitment by the Council for funding in a subsequent year. Grant recipients' performance will be reviewed annually; continued funding is subject to satisfactory achievement against agreed targets within the application.

Submission of Applications

All grant applications must be made online via dlrcoco.submit.com.
